| 8. West Carleton Township | Priority Setting: Community Support Services |

| Lead Organization | Community Project Overview |
|---|--|
| Baldwin Township | <p>Barriers and Opportunities in Northern Community Engagement</p> <p>“Let’s Talk” community engagement project seeks to identify and analyze internal and external barriers to community engagement in northern communities. Partnership with Northern Policy Institute</p> |
| Centre-Wellington Community Foundation | <p>Vital Signs Community Assessment</p> <p>Our Vital Signs project will build on our existing engagement strategy, data collection methods and indicator development to better understand community well-being in the context of our rural community.</p> |
| Headwaters Communities in Action (Dufferin County/Caledon) | <p>Well-being Community Assessment Refresh</p> <p>The Refresh Project will evaluate our on-going and new work reflects existing and emerging community priorities as identified by the community and supported by secondary data sources.</p> |
| Huron Business Development Corp. (Huron County) | <p>Huron Healthy Rural Lens Evaluation</p> <p>This project will both evaluate the use and the success of the <i>Huron Healthy Rural Lens</i> to date. We will evaluate three outcomes – community problem solving, policy development and analysis, and leadership development.</p> |
| Peninsula Action Committee for Education (PACE) / Northern Bruce Peninsula | <p>Schools as part of Community Hubs</p> <p>Community hubs are vibrant centres of community life that generate economic and social benefits. This project will develop and evaluate a model for the inclusion of schools in community hubs.</p> |
| Community Care Northumberland Northumberland County | <p>Rural Transportation Pilot Project Evaluation</p> <p>MTO’s rural transportation pilot project has enabled expansion of accessible and rural transportation options for our County residents. We will analyze and evaluate our results against the anticipated outcomes of our pilot project.</p> |
| Oxford County | <p>Well-being Community Assessment</p> <p>This follow-on project to the <i>Future Oxford Sustainability Plan</i> will provide a baseline and targets for measuring our progress against the Canadian Index of Well-being indicators.</p> |
| Western Ottawa Community Resource Centre (West Carleton) | <p>Priority Setting: Community Support Services</p> <p>With a focus on the Senior and Caregiver population we will engage our stakeholder communities in a case study of the impact of our community engagement activities.</p> |
