***NOTES: Curriculum incorporates the Global Leadership Competency Framework – Ann L. Gordon, 2019**

- Slight modifications may be made on dates, locations and themes as necessary.
- All attempts will be made to have seminars in-person; however these may be modified to virtual or changed to an alternate date subject to the ability to provide participant safety for in-person events and study tours.
- Participants' life partner or significant other are invited and encouraged to participate in Seminars #4 and #7.
- Some seminars may include a professional development opportunity for all AALP Alumni.
- Participants are expected to make their own way to seminar locations and to the Ontario start of study tours.

Learning Opportunities:

A. Seminars: skills workshops, technology tours, knowledge/motivational lectures

Seven seminars will include a mix of group work, visits to farms/organizations/industry/services, lectures by knowledge experts and organizing networking events.

B. Webinars: Interactive and self-directed distance learning modules

Seven 2.5 hour webinars will occur outside of seminars. These will build on seminar material and help to reinforce application of skills. They may also be used in part to share key events/projects amongst participants, organize fund raising activities, plan tour logistics and other items as the Class decides, if time permits.

The program also involves participation in various web-based and/ or email assignments for seminar & study tour preparation and follow-up, discussion forums, conversations, project and activity planning with classmates, ROI office and curriculum team.

C. Projects: Issues analysis

This self-directed team project will provide participants with the opportunity to sharpen your analytical, problem solving, research, critical thinking, communications and planning skills while working on a project of importance to you and your AALP class members and to the agricultural, agri-food and rural community in Ontario.

D. Study Tour: North American and International

Two study tours are scheduled into the program; they may combine into one extended tour or be two separate tours depending on destinations. Cultural intelligence and global perspectives on trade and policy with respect to social, economic and environmental issues is gained.

E. AALP network: A lifetime of quality leadership opportunities

Your investment pays back dividends both while in the program and for the rest of your life. These opportunities include:

- Almost 500 AALP alumni provide connections across rural Ontario and in every ag sector and service across the full value chain. This has helped many AALP graduates make life decisions.
- Invitations to attend and participate in a variety of educational leadership opportunities and professional development sessions including the International Leadership Alumni Conference - ILAC.
- Invitations to social functions in association with AALP fund and friend raising activities and seminars.
- The use of the AALP Logo on your business cards and social media.
- Participation in a variety of current class activities such as the AALP Curriculum, Engagement and Recruitment advisory teams, Dream Auction and or Stewart Gala Committee and the Rural Ontario Institute Board of Directors.
- Periodical professional leadership updates by email.

An OAC Alumni Membership and More.....

Advanced Agricultural Leadership Program graduates are presented with a University of Guelph certificate from the Office of Open Learning, an Award of Achievement from the Rural Ontario Institute and are eligible for membership in the Ontario Agricultural College (OAC) Alumni Association.
