

Meet Sadie Mees...

My name is Sadie Mees, and I live and work in Hastings, in the Municipality of Trent Hills. I attend Memorial University of Newfoundland; taking an International BA majoring in Anthropology. My first year studies had a rural and indigenous focus which I intend to continue as I complete my studies. My educational plan includes studying abroad for a year and pursuing postgraduate studies in rural medicine.

I am a graduate of the International Baccalaureate program at Kenner Collegiate and a certified community mediator. I am an avid volunteer, with an interest in social justice and youth engagement.

My hobbies include reading, baking and sailing.
