

Number of businesses by industry sector and by size of business (in terms of number of employees) for each census division, Ontario, 2019 (and change in number of businesses with employees since 2009 and since 2014).

For each geographic unit, there is:

- a 7-page table showing the 2019 count of businesses by size of business for each industry sector; plus
- a 1-page table ranking sectors by number of businesses (with employees) in 2019;
- a 1-page table ranking sectors by the absolute change in the number of businesses (with employees), 2014-2019;
- a 1-page table ranking sectors by the percent change in the number of businesses (with employees), 2014-2019;
- Note the non-metro census divisions show the latter three tables for ranking the sectors at the NAICS 4-digit level and another three tables ranking the sectors at the NAICS 3-digit level.

Analysts interested in obtaining the data for their census division in Excel format may contact Norman Ragetlie at the Rural Ontario Institute (NRagetlie@RuralOntarioInstitute.ca).
